ABOUT US

Study Overseas is a pioneer and dedicated Institute from past 14 years with sole aim to help students aspiring for undergraduate and postgraduate degree in Medicine in a reputed and recognised universities across the globe. We also help to find suitable placements and institutions for internship globally. With our wide network of able admission coordinators across the country we offer guidance to students who are willing to pursue their profession and education in clinical sciences(MBBS, MS, MD, BEMT, PHD).

Different cost effective options

Contrary to popular belief, foreign education is not always overboard with expenses. Some European countries do not even charge tuition fees for their course. They offer this facility because of Government funding of the education system. Scholarships are always available for eligible candidates. We shall help you prepare for the scholarship evaluation test. We maintain the latest resources of education funding opportunities in various countries of the world. You will find all necessary information at one place in our website. Our resources also include information on student swapping programs. Universities in different countries maintain ties with their Indian counterparts. Often students from different countries swap places. These are great opportunities for the eligible candidates.

Understanding the destination

Staying abroad is going to be a life-altering experience. Whenever you get to stay in a different culture and climate for a long time, it always has a changing effect in your life. You get to make new friends from across the world. You see new places, have new relationships, and learn new things. Besides, for studying further in certain disciplines, you have to choose the best university/college. Sometimes, the best one is in another country. We shall assist in the complete enrollment process at a suitable overseas educational center. Whether you seek admission in a Public University or a Private one, we shall help effectively.

Comprehensive counseling assistance

Our services also include providing guidance for securing an education loan. We have good connections in the education loan sector. Our suggestions would assist students in procuring the necessary monetary help on reasonable conditions. We shall provide the grooming assistance for the visa interview. This is a very crucial procedure deciding your access to the education system overseas. You need to be confident, honest, and brilliant in the interview. Our counselors shall conduct mock interviews until you are fully confident. We shall ensure you to achieve your dream of pursuing the best courses overseas. We shall assist in selecting the most appropriate course between different similar options. If you want to find the best courses in your subject in different countries, consult our site for the latest information. When you contact us via phone or emails, we shall promptly clear your doubts. After you compare the courses, the living costs, and other parameters, you can decide the right program on your own. Following your decision, we shall help to materialize it into reality.

India's relation with other countries

FROM THE DESK of DIRECTOR

Dear Students! It's my pleasure to introduce a consultancy to you all, to the energetic youth who are ready to head towards their bright and fulfilling future. With Best Wishes

Surender Singh Sahani

Director

OUR SERVICES

Overseas Education Counselling

Applying for studies abroad is a crucial decision as such we do not limit our counselling just to the right country and university choice, but extend it to help you make the right 'career decision'.

There are umpteen top ranking universities worldwide. To narrow down the list to those of the top priority suitable to your profile becomes an arduous task. Here's where our educational counsellors play a vital role. Our Admission Advisors who're proficient in profile analysis will assist you in shortlisting the options relevant to your profile and preferences by taking into consideration your educational background and career objectives. They then suggest programs in the countries and universities suiting your preferences.

Attend free counselling session and accomplish your most aspired academic goals by choosing the best career path.

Country, Program and University Selection

We provide options in 500+ universities across 45 countries. This is where our Country Counsellor play a key role. They evaluate your profile and provide their expert advice on Institutions and Courses abroad which streamlines your process of short listing the country and university. They guide you with options relevant to your career goals as well as your financial plan.

Our counsellor also give you a better understanding of the universities offering scholarships and paid internship programs which help you to plan your financial aspects before you leave your homeland. So take the right guidelines from experts in this field and ensure that you

accomplish the goal of pursuing education overseas. Choose the best career path based on your profile

Application and Admission Assistance

Your application to the University speaks volumes about you. It not only reflects your academic profile and subject interests but also mirrors your persona. Our counsellors give you complete guidelines for filling the application forms.

Financial Aid

After having a thorough understanding of the universities of your preference and your fit into the desired schools, you'll surely agree that the ultimate deciding factor will be the financial aspect. The cost to study abroad and other related expenses vary from country to country, university to university, and also depend upon the course you want to pursue.

If you are able to get an educational loan, grant or scholarship from the college or university of your choice the immediate financial burden can be reduced to a great extent. To achieve this, proper guidance is required which can be provided only by professional firms like ours as we have been doing this for 12 years.

VISA Processing

The most important step in studies abroad is the visa processing. A slight error in this process would make all the other efforts futile. So our counsellors guide you step by step with the visa-processing right from filling in the visa application forms to getting your documents ready and submitting them on time.

Pre-Departure Briefing

We provide the pre-departure briefing which helps you to have an idea of the essentials to be kept in mind before you fly to your dream destination. Our 'Pre-Departure Booklet' covers all the aspects of travel and the initial period of stay pertaining to the various nations. We also conduct sessions from time to time to make you aware of the immigration process and give a pre-view of a student's life in foreign countries. You get a chance to meet our alumni from numerous universities worldwide who help you to have an overview of the lifestyle and culture in different countries and continents. You can also meet other students going abroad through us so that you can develop a sense of bonding if you're moving to the same place.

Travel Assistance.....

Our auxiliary services pertaining to studies abroad include assistance for travel, accommodation, forex and insurance cover. We make sure that you feel at ease once you land into your dream destination. You can also benefit from our alumni network already studying in numerous universities overseas who can give you a helping hand in times of need. All this is to ensure that you feel at home even in a foreign nation.

China

communist nation and the world's most populous state with the population of over 1.381 billion. China comprises of a vast landscape with the grassland, desert, mountain ranges, lakes, rivers and 14,500 km of coastline. China shares its borders with India, Nepal, Bhutan and Burma. PHILIPPINES

The Philippines officially the Republic of the Philippines is an archipelagic country in Southeast Asia. The Philippines is considered to be an emerging market and a newly industrialized country, which has an economy transitioning from being based on agriculture to one based more on services and manufacturing. Along with East Timor, the Philippines is one of Southeast Asia's predominantly Christian nations.

Medical education in Philippines is principally offered and developed by accredited and government recognized medical schools in the country. The Philippine medical schools are graduate schools offering the Doctor of Medicine (M.D.) degree. MBBS in Philippines is getting popular among Indian students who do not wish to study an additional language such as required in MCI recognized medical colleges or universities in China or European countries like Russia. This is due to the fact that, Philippines is an English speaking country. More than 95% of the people speaks English language. Philippines offers American system of medical education and the Primary Medical qualification is M.D. degree(MBBS). This qualification is globally recognized including the Medical Council of India. The MBBS program of Philippines is a unique opportunity for students who have passed 12th standard or equivalent examinations to pursue medical education of International standards. Colour, splendour and hospitable people, are all in the country of Philippines. With beaches and islands around it, the Republic of Philippines is like a mini retreat to vacationers and the local population alike. Weather condition is very similar to that in India, with rain and a temperate climate.

4. Indian students get international exposure, and it must also be noted that Uzbekistan is a safe country for Indian students.

Bangladesh

Bangladesh, to the east of India on the Bay of Bengal, is a South Asian country marked by lush greenery and many waterways. Its Padma (Ganges), Meghna and Jamuna rivers create fertile plains, and travel by boat is common. On the southern coast, the Sundarbans, an enormous mangrove forest shared with Eastern India, is home to the royal Bengal tiger. It is located in South Asia and is bordered by India from three sides, Burma from the southeast corner and the Bay of Bengal from the south. As we studied in our world politics class, political realism which “emphasizes the role of the nation-state and makes a broad assumption that all nation-states are motivated by national interests, or, at best, national interests disguised as moral concerns” comes into play. In 1952, the Language Movement took place, and the purpose was to make Bengali one of the official languages in East Pakistan. They succeeded and in 2000, UNESCO declared 21 February International Mother Language Day to recognize the objective of the Language Movement and promote the ethno-linguistic rights of all citizens. Next, the idea of political realism is highlighted in the 1971 Liberation War in which was fought to gain independence and establish Bangladesh as a sovereign nation.

- Accommodation facilities are excellent as all necessary amenities are provided to the students and encourage them to pursue a successful career in medicine.
- The cost of tuition and other fees to pursue MBBS in Bangladesh is lower than in India.

Nepal

Nepal, country of Asia, lying along the southern slopes of the Himalayan mountain ranges. It is a landlocked country located between India to the east, south, and west and the Tibet Autonomous Region of China to the north. Its territory extends roughly 500 miles (800 kilometres) from east to west and 90 to 150 miles from north to south. The capital is Kathmandu. Nepal, long under the rule of hereditary prime ministers favouring a policy of isolation, remained closed to the outside world until a palace revolt in 1950 restored the crown's authority in 1951; the country gained admission to the United Nations in 1955. In 1991 the kingdom established a multiparty parliamentary system. In 2008, however, after a decade-long period of violence and turbulent negotiation with a strong Maoist insurgency, the monarchy was dissolved, and Nepal was declared a democratic republic. Wedged between two giants, India and China, Nepal seeks to keep a balance between the two countries in its foreign policy—and thus to remain independent.

Why MBBS In Nepal ?

- MCI Recognized Medical Universities .
- Highly Qualified Indian Faculty.

Egypt

government is building a new capital some 45 kilometers (28 miles) to the east to help ease congestion in Cairo. Plans call for the yet-to-be-named city to host the main government departments and ministries, as well as foreign embassies. Egypt is home to seven UNESCO-designated World Heritage sites: Abu Mena; ancient Thebes with its Necropolis; Historic Cairo; Memphis and its Necropolis; Nubian monuments from Abu Simbel to Philae; the Saint Catherine area; and Wadi Al-Hitan, or Whale Valley, home to fossil remains of the earliest and now extinct form of whales.

Why MBBS In Egypt ?

- Egypt is one of the countries where the Best MBBS study is possible. Universities in Egypt are blessed with excellent teachers. Also, Universities in Egypt have directed classes in English medium for foreign MBBS students.
- Egyptian culture is one of the best-known cultures in the world. It also enables students to learn more about ancient cultures. Another important point is that the climate, Cost of Living, and the learning environment are very similar to India's.
- The MBBS degree in Egypt is globally recognized. The World Health Organization and the Medical Council of India have approved the MBBS study in Egypt. Those who complete MBBS studies from Egyptian universities can write tests such as USMLE, PLAB, and serve in the US and UK.
- Universities in Egypt charge an affordable fee for students coming from India. The curriculum at Egyptian Universities is the European Standard of Curriculum. As part of the clinical rotation, students receive a large number of patient flow hospitals. This makes MBBS study better in Egypt.

CENTRAL AMERICA

The Caribbean islands are a group of islands on the Caribbean Sea, commonly grouped as West Indies along with few mainland countries like Suriname, Guyana and Belize. The Caribbean is regarded as one of the top tourism destinations on earth with the pristine beaches and natural beauty. The Caribbean region has in the last 40 years has developed into a medical education hub for international students, especially from USA, Canada, India and European countries, thanks to the American Education system and curriculum strictly followed by the universities, also that have their clinical sites all over the United States. Studying Medicine at the Caribbean is a clear and easiest pathway to continue medical education and practice in USA.

Why MBBS In America ?

Less Tuition: Caribbean medical schools typically cost less than U.S. medical schools (both public and private). Some schools may approach the costs of U.S. medical schools but they are, overall, still less expensive.

Global Medical Training: In today's global society, students who are able to have a global medical education have an advantage in residency applications and when they become physicians. Since Caribbean medical schools are affiliated with numerous teaching hospitals, it gives students the opportunity to participate in clinical rotations throughout the United States or Canada. Some schools even offer clinical rotations throughout the globe.

Clinical Rotation Opportunities: There are clinical rotation opportunities in the U.S and Canada. In many of the Caribbean schools, the first two years of basic science is done on their campuses overseas, while clinical rotations are done in U.S. hospitals. Though your home school is still overseas, you have the advantage of the same clinical exposure and opportunities as the hospitals' home medical students. Many past students cite this as an advantage in applying to United States and Canada residencies.

Reputation: In many countries such as the UK, US and Canada, the reputation of the medical school matters mostly for your own personal satisfaction because wherever you go, you will get an equivalent degree and an equivalent training.

Supportive Environment: Medical school professors in the Caribbean want you to succeed, both for your well-being and for their school's reputation.

Malaysia

Peninsular Malaysia or West Malaysia comprises 11 states, namely, Johor, Kedah, Kelantan, Melaka, Negeri Sembilan, Pahang, Perak, Perlis, Penang, Selangor and Terengganu. Together with Sabah and Sarawak (located in East Malaysia), they make up the 13 states of Malaysia. There are three Federal Territories namely, Kuala Lumpur - the capital of Malaysia; Putrajaya - the Federal Government Administrative Centre; and Labuan - a 'tax-free' island located off the coast of Sabah.

Malaysia is proud to be a multi-racial country living together harmoniously. With about 31 million people, the three major races are Malay, Chinese and Indian. Other ethnicities include Peranakan (Straits Chinese), Orang Asli (indigenous people) and Eurasians (who are mainly of Portuguese, Dutch or British descent).

The people of Sarawak are made up of Dayaks, Kayans, Kenyahs, Kelabits (Orang Ulu), Melanaus, Sarawak Malays, Penans and Lun Bawang (Muruts). In Sabah, the indigenous groups consist of the Kadazans/Dusuns, Orang Sungei, Bisayas, Bajaus, Muruts, Rungus, Bruneis, Lotuds and many other subgroups.

The country's official language is Bahasa Melayu (Malay language), but many other languages and dialects are used in Malaysia. Mandarin is widely spoken by the Malaysian Chinese besides dialects like Cantonese, Hokkien, Hakka, Teo Chew, Foo Chow, Hock Chew, and Hainanese. The Malaysian Indian communities speak dialects like Tamil, Hindi, Telugu, Malayalam, Punjabi and Sri Lankan, among others.

Moldova

Moldova is a country in Eastern Europe. It is a landlocked country bordered by Romania in the west and Ukraine to its north, east and south. The beautiful country of Moldova is officially known as the Republic of Moldova. Chisinau, the capital city of Moldova is also the largest city in the country. The country of “Moldova” got its name after its very beautiful valley of the “Moldova River” which has served as the political centre during the Principality of Moldova Foundation in the year 1959. The origin from where the valley derived its name still remains unknown.

In the early 1990s, during the foundation years of the foundation of Commonwealth of Independent States, the Republic of Moldova also called “Moldovia” but for a short span of time.

After the dissolution of the Soviet Union, the country began to use its Romanian name “Moldova”. The United Nations gave the country its current official name i.e. The Republic of Moldova”.
